DETAILED ACTION**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or render obvious an x-ray diagnosis apparatus comprising a first mode offset data calculation means for, when a first mode of a plurality of image acquisition modes is selected, calculating new offset data in the first mode based on offset image data outputted from an x-ray detector in a state that the x-ray is not incident on the x-ray detector and first mode offset data stored in the storage means; and a second mode offset data calculation means for calculating new offset data in a second mode based on second mode offset data of the plurality of image acquisition modes stored in the storage means and the new offset data in the first mode in combination with all the limitations in each respective claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Priority

In Applicant's response filed 11/22/2005, Applicant submitted that the claim for foreign priority was proper. Upon further review, the Examiner agrees that the United States application was filed within twelve months of the foreign application. Therefore, Applicant's claim for foreign priority is acknowledged and proper. Acknowledgement is respectfully granted for applicant's claim that priority is proper.
